

Virginia Airborne Search & Rescue Squad
"A 501c3 Non-Profit Rescue Squad"

Dear Friend,

The Virginia Airborne Search & Rescue Squad's (VASARS) mission is to assist in the recovery of lost or distressed citizens, assist in the location and apprehension of suspected criminals/fugitives and locate lost Alzheimer patients or autistic children upon the request of any local, state or federal agency requiring "eyes in the sky." VASARS will provide trained and certified flight crews to these agencies, at no cost to the taxpayer. VASARS will assist in any operation where a citizen may be in danger or a law enforcement need requires a helicopter for aerial support. Our highly trained and professional team of search & rescue pilots and flight officers volunteer their time flying to save lives.

VASARS is a 501(c)(3) non-profit all volunteer airborne search and rescue squad which services the entire Commonwealth of Virginia twenty four hours a day/seven days a week. VASARS was founded in 2009 and is the first and only licensed and entirely volunteer airborne rescue squad of its kind flying to save lives. Our members are highly trained and are truly dedicated to saving lives and supporting all citizens in the Commonwealth of Virginia without any cost to the taxpayer or victims that we are assisting. This is genuinely an invaluable service to the agencies that use our services.

We cannot provide such a high quality service without your support and our corporate sponsors. VASARS survives because of the generosity of our sponsors. We need your sponsorship so that we may fly, so others may live. You will be "touched" when you attend our sponsor's Annual Gala and get to meet the people that have directly benefited from our airborne missions because of your support that allowed us to respond to their call for help. Be a sponsor today with VASARS and make a difference in helping save a life.

Respectfully,

Kevin C. Rychlik

Col. Kevin C. Rychlik, Chief
